## Everything You Need in an Emergency

Welcome to our **Export Catalogue** which is packed full of new products we have introduced to our product range.

As an innovative supplier of emergency medical supplies, our continued success is driven by the ability to develop and deliver effective solutions, whilst maintaining an unrivalled level of customer service. Our specialised knowledge and industry experience ensures that we can supply the correct emergency medical equipment and supplies on each occasion, having a complete understanding of the equipment requirements for patient care.

No order is too big or too small. We can customise our existing emergency equipment and kits to your specification or even create new equipment kits to suit your exact requirements. That's why we can be relied upon to provide "everything you need in an emergency".

Our full product range can be found on our website at [www.spservices.co.uk](http://www.spservices.co.uk)

"Choosing the correct emergency medical equipment for today's demanding environments is not always easy. SP Services offers you support and guidance in selecting a total solution to give you peace of mind"

**Steve Bray** Managing Director

## What you want, when you want it

SP Services is one of the largest suppliers of emergency medical supplies in the UK and has been established for over 28 years. Centrally based in the West Midlands our 32,000 ft<sup>2</sup> National Distribution Centre is ideally located to serve you, wherever you are in the country or the world.

Our huge stocks and regular deliveries ensure that you get what you want, when you want it. In fact

the majority of our products are available next day.

## A total solution

Whatever type of emergency work our customers are involved in, from fire, ambulance & police through to the army and special forces, we are able to offer a comprehensive range of products to satisfy the most demanding performance criteria.

SP Services can offer independent advice and support on the products available to meet your requirements. In addition, our Medical Audit Service provides guidance on where you can

rationalise your medical equipment, to make managing it simpler and easier.

## Quality assurance

We continually check the quality of our products from the leading manufacturers and suppliers to ensure that quality standards are maintained.

SP Services is accredited to Quality Management ISO 13485. You can be confident that our products are of the highest quality and at competitive prices.

## A Total Solution

### Why SP Services?

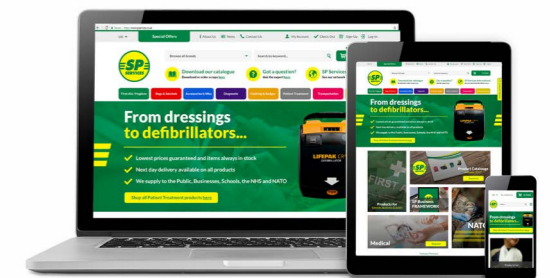

- Internationally recognised healthcare brands
- Dedicated customer support & after sales care
- Competitive export prices
- Prompt delivery
- Innovative designs
- Bespoke products to customer specifications

## First Aid

### Bespoke First Aid & Medical Bag Kitting Service

Did you know that we have a very busy bespoke first aid and medical kit assembly and production line? A lot of our customers choose SP Services as we can make up kits to their exact specification.

We can customise our existing emergency equipment and kits or even create new equipment kits to suit your exact requirements. Our Parabag range of bags is also rapidly growing and as well as the extensive range of bags we keep in stock at Bastion House, we also have an experienced design team who can help modify one of our existing bag designs or create your own brand new design.

No kit project is too big or too small. If you would like to discuss how we can work with you to bring your requirements to life, just call our sales office on **+44 (0)1952 288 999** or email us at **export@spservices.co.uk**. That's why we can be relied upon to provide "everything you need in an emergency"

## Donway Manual Handling & Lifting Kit including Banana Board

**Donway**

The Donway Manual Handling & Lifting kit is the ideal solution for providing safe and effective patient handling. Commonly used by NHS and Private Ambulance Services as well as Falls and Crisis Response Teams.

The kit consists of:

### Transfer Turntable (Load limit 115 Kg)

- Strong but lightweight Transfer Turntable
- Full 360 degree turning circle and a gripped, anti slip, upper surface for added user safety & security.
- An invaluable aid for a carer or relative, providing a smooth, easy and constant rotation when transferring a user to and from a bed, chair, commode or car etc. without the need to move their feet and legs.

### Transfer Lifting Belts (Small, Medium & Large)

- Designed to assist the person getting out of their wheelchair, bed, chair or transferring from short distances.
- Four webbed handle grips for additional safety when transferring.
- Belts can be adjusted and buckled around the person's waist enabling the carer to reach the webbed handle.
  - Small Transfer Belt - 68 x 94cm
  - Medium Transfer Belt - 85 x 112cm
  - Large Transfer Belt - 90 x 119cm

### Banana Board (Load limit: 200 Kg)

- A patient transfer board designed for patient movement when seated
- Low friction, sliding surface for swift and easy movement
- Curved shape, suitable for lateral transfers either unassisted or with the help of others

### Tubular Glide Sheets (Medium & Large)

- A useful aid to carry out tasks such as repositioning patients in bed
- Helps caregivers to perform their jobs with greater comfort and safety, preventing strain injuries due to low friction.
- Washable and reusable
  - 2 x Tubular Glide Sheets - 200 (H) x 72cm (W)
  - 1 x Tubular Glide Sheet - 70 (H) x 72cm (W)

## Donway Patient Support & Lifting Belts

**Donway**

The Donway Patient Support & Lifting Belts are comfortable and supportive belts that mean getting close to your patient has never been easier.

Simply place the belt around the person's waist, and fasten with the adjustable velcro fastener. Ergonomically designed handles mean that you can hold close without needing to grab clothes.

These belts are designed for helping a person from sitting to standing and vice versa, walking and helping whilst transferring on a sitting transfer board. One or two carer assistance.
